#### 49.1 Elections included.

The provisions of this chapter shall apply to all elections except those special elections which by the terms of the statutes authorizing them are exempt from the provisions of this chapter.

[C97, §1088; C24, 27, 31, 35, 39, **§719**; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §49.1]

#### 49.2 Repealed by 73 Acts, ch 136, § 401.

#### 49.3 Election precincts.

Election precincts shall be drawn and named or numbered by the county board of supervisors or the temporary county redistricting commission in all unincorporated portions of each county, and by the city council of each city in which it is necessary or deemed advisable to establish more than one precinct. Precincts established as provided by this chapter shall be used for all elections, except where temporary merger of established precincts is specifically permitted by law for certain elections, and no political subdivision shall concurrently maintain different sets of precincts for use in different types of elections. Election precincts shall be drawn so that:

1. No precinct shall have a total population in excess of three thousand five hundred, as shown by the most recent federal decennial census.

2. Each precinct is contained wholly within an existing legislative district, except:

a. When adherence to this requirement would force creation of a precinct which includes the places of residence of fewer than fifty registered voters.

b. When the general assembly by resolution designates a period after the federal decennial census is taken and before the next succeeding reapportionment of legislative districts required by Article III, section 35 of the Constitution of the State of Iowa as amended in 1968, during which precincts may be drawn without regard to the boundaries of existing legislative districts.

3. Except as provided in section 49.4, subsection 3, precincts established after July 1, 1994, shall be composed of contiguous territory within a single county. The boundaries of all precincts shall follow the boundaries of areas for which official population figures are available from the most recent federal decennial census.

4. All election districts, including city wards and county supervisor districts, shall be drawn according to the following standards:

a. All boundaries, except for supervisor districts for counties using supervisor representation plan “two” pursuant to section 331.209, shall follow precinct boundaries.

b. All districts shall be as nearly equal as practicable to the ideal population for the districts as determined by dividing the number of districts to be established into the population of the city or county.

c. All districts shall be composed of contiguous territory as compact as practicable.

d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

e. Cities shall not be divided into two or more county supervisor districts unless the population of the city is greater than the ideal size of a district. Cities shall be divided into the smallest number of county supervisor districts possible.

#### **49.4 Precincts drawn by county board.**

Where action by the board of supervisors is necessary or deemed advisable by the board of supervisors or the temporary county redistricting commission, the boundaries of precincts shall be definitely fixed by ordinance. A public hearing shall be held before final action is taken to adopt changes in the precinct boundaries. Notice of the date, time, and place of the hearing shall be given as provided in chapter 21. In the absence of contrary action by the board of supervisors or the temporary county redistricting commission, each civil township which does not include any part of a city of over two thousand population, and the portion of each civil township containing any such city which lies outside the corporate limits of that city or those cities, shall constitute an election precinct. If no action is necessary to change the county election precincts, the board of supervisors shall certify the retained boundaries to the state commissioner, as required by section 49.7.

1. Where a civil township, or the portion of a civil township outside the corporate limits of any city of over two thousand population contained within the civil township, is divided into two or more election precincts, the precincts shall be so drawn that their total populations shall be reasonably equal on the basis of data available from the most recent federal decennial census, except where the division is necessary to comply with section 49.3, subsection 3.

2. Counties using alternative supervisor representation plans “two” or “three”, as described in section 331.206, shall be apportioned into single-member supervisor districts on the basis of population. In counties using representation plan “three”, the boundaries of supervisor districts shall follow the boundaries of election precincts.

3. a. Notwithstanding any other provision of this chapter, Indian settlement land held in trust by the secretary of the interior of the United States for the Sac and Fox tribe of the Mississippi in Iowa and its trust land contiguous to the Indian settlement lying in Tama, Toledo and Indian Village townships of Tama county shall be an election precinct. The polling place

of that precinct shall be located on the Indian settlement in a structure designated by the election commissioner of Tama county.

b. The Indian settlement precinct shall be redrawn to include land contiguous to the Indian settlement when such land is purchased by the settlement and added to the Indian settlement land held in trust by the secretary of the interior of the United States. Upon recording of the deed transferring the land to the United States in trust, the county recorder shall notify the county commissioner of that fact. If the commissioner is notified more than seventy days before the next scheduled election, the commissioner shall redraw the precinct for that election. The commissioner shall notify the board of supervisors of the redrawn precinct boundaries and shall certify the redrawn boundaries to the state commissioner. Land completely surrounded by the boundaries of the Indian settlement precinct, but not included in the settlement precinct, shall be included in the precinct in which such land was located prior to redrawing of the Indian settlement precinct. The commissioner shall notify registered voters in each of the redrawn precincts of the change in the precincts and the proper polling place for those affected voters.

#### **49.5 City precincts.**

The council of a city where establishment of more than one precinct is necessary or deemed advisable shall, at the time required by law, divide the city into the number of election precincts as will best serve the convenience of the voters while promoting electoral efficiency. As used in this section, the term “*the convenience of the voters*” refers to, but is not necessarily limited to, the use of precinct boundaries which can be readily described to and identified by voters and for which there is ease of access by voters to their respective precinct polling places by reasonably direct routes of travel. As used in this section, the term “*promoting electoral efficiency*” means reducing the cost of staffing election precincts by requiring cities to avoid creating more precincts than is reasonably necessary to provide voters access to voting.

The precinct boundaries shall conform to section 49.3 and shall be described in an ordinance adopted by the council within the time required by section 49.7. Before final adoption of any change in election precinct boundaries pursuant to this section or section 49.6, the council shall permit the commissioner not less than seven and not more than ten days’ time to offer written comments to the council on the proposed reprecincting. If the commissioner recommends changes in the proposed reprecincting which the commissioner concludes could better serve the convenience of the voters or could promote electoral efficiency, including lowering election costs, the council shall, if no changes to the reprecincting are made, include reasons in the ordinance for not adopting the proposed changes of the commissioner. A public hearing shall be held before final adoption of the ordinance. Notice of the date, time, and place of the hearing shall be given as provided in chapter 21.

#### **49.6 Power to combine township and city precincts.**

Election precincts composed partially of unincorporated territory and partially of all or any part of a city may be established within a single county in any manner which is not contrary to section 49.3. An agreement mutually satisfactory to the board of supervisors or the temporary county redistricting commission and the city council of the city involved shall

be adopted and a copy of the agreement shall be submitted to the state commissioner as part of the certification of precinct boundaries required by section 49.7.

[C97, §1090; S13, §1090; C24, 27, 31, 35, 39, §724; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §49.6]

#### **49.7 Reprecincting schedule and filing requirements.**

Where reprecincting is necessary, city councils and county boards of supervisors or the temporary county redistricting commission shall make any necessary changes in precincts as soon as possible after the redistricting of congressional and legislative districts becomes law.

City councils shall complete any changes in precinct and ward boundaries necessary to comply with sections 49.3 and 49.5 not later than sixty days after the redistricting of congressional and legislative districts becomes law, or September 1 of the year immediately following each year in which the federal decennial census is taken, whichever is later. Different compliance dates may be set by the general assembly by joint resolution.

County boards of supervisors or the temporary county redistricting commission shall complete any changes in precinct and supervisor district boundaries necessary to comply with sections 49.3, 49.4, and 331.209 not later than ninety days after the redistricting of congressional and legislative districts becomes law, or October 15 of the year immediately following each year in which the federal decennial census is taken, whichever is later. Different compliance dates may be set by the general assembly by joint resolution.

Each county board of supervisors or the temporary county redistricting commission and city council shall immediately notify the state commissioner and the commissioner when the boundaries of election precincts are changed, and shall provide a map showing the new boundary lines. Each county board or the temporary county redistricting commission and city council shall certify to the state commissioner the populations of the new election precincts or retained election precincts as determined by the latest federal decennial census. Materials filed with the state commissioner shall be postmarked no later than the deadline specified in this section.

If the state commissioner determines that a county board or the temporary county redistricting commission or city council has failed to make the required changes by the dates specified by this section, the state commissioner shall make or cause to be made the necessary changes as soon as possible. The state commissioner shall assess to the county or city, as the case may be, the expenses incurred in making the necessary changes. The state commissioner may request the services of personnel and materials available to the legislative services agency to assist the state commissioner in making required changes in election precincts which become the state commissioner's responsibility.

Precinct boundaries shall become effective on January 15 of the second year following the year in which the census was taken and shall be used for all subsequent elections. Precinct boundaries drawn by the state commissioner shall be incorporated into the ordinances of the city or county.

Changes made to precincts in years other than the year following the year in which the federal decennial census is taken shall be filed with the state commissioner as soon as possible.

#### **49.8 Changes in precincts.**

After any required changes in precinct boundaries have been made following each federal decennial census, at the time established by or pursuant to section 49.7, the county board or city council shall make no further changes in precinct boundaries until after the next federal decennial census, except in the following circumstances:

1. When deemed necessary by the board of supervisors of any county because of a change in the location of the boundaries, dissolution or establishment of any civil township, the

boundaries of precincts actually affected may be changed as necessary to conform to the new township boundaries.

2. When territory is annexed to a city the city council may attach all or any part of the annexed territory to any established precinct or precincts which are contiguous to the annexed territory, however this subsection shall not prohibit establishment of one or more new precincts in the annexed territory.

3. A city may have one special federal census taken each decade and the population figures obtained may be used to revise precinct boundaries in accordance with the requirements of sections 49.3 and 49.5.

4. If city population data certified by the United States bureau of the census following the federal decennial census is revised and the revision is certified by the United States bureau of the census, such revisions may be used to revise precinct and ward boundaries in accordance with the requirements of sections 49.3 and 49.5. The board of supervisors shall determine whether such revised population data affects the population equality of supervisor districts. If necessary, the temporary county redistricting commission shall be reconvened, notwithstanding section 331.210A, subsection 4, and supervisor districts shall be revised in accordance with the requirements of section 331.210A, subsection 2.

5. a. When the boundaries of a county supervisor, city council, or school director district, or any other district from which one or more members of any public representative body other than the general assembly are elected by the voters thereof, are changed by annexation or other means other than reprecincting, the change shall not result in the term of any officer elected from the former district being terminated before or extended beyond the expiration of the term to which the officer was last elected, except as provided under section 275.23A and section 331.209, subsection 1. If more than one incumbent officeholder resides in a district redrawn during reprecincting, their terms of office shall expire after the next election in the political subdivision.

b. When a vacancy occurs in the office of county supervisor, city council, or school director following the effective date of new district boundaries, the vacancy shall be filled using the new boundaries.

6. When a city is changing its form of government from one which has council members elected at large to one which has council members elected from wards, or is changing its number of council members elected from wards, the city council may redraw the precinct boundaries in accordance with sections 49.3 and 49.5 to coincide with the new ward boundaries.

7. Precinct boundaries established by or pursuant to section 49.4, and not changed under subsection 1 since the most recent federal decennial census, may be changed once during the period beginning January 1 of the second year following a year in which a federal decennial census is taken and ending June 30 of the year immediately following the year in which the next succeeding federal decennial census is taken, if the commissioner recommends and the board of supervisors finds that the change will effect a substantial savings in election costs. Changes made under this subsection shall be made not later than ninety-nine days before a primary election, unless the changes will not take effect until January 1 of the next even-numbered year.

8. Precinct boundaries established by a city council pursuant to section 49.5 or 49.6 and not changed under subsections 1 through 6 since the most recent federal decennial census, may be redrawn by the city council in accordance with sections 49.3 and 49.5 once during the period beginning January 1 of the second year following a year in which a federal decennial census is taken and ending June 30 of the year immediately following the year in which the next succeeding federal decennial census is taken, if the commissioner recommends that the change will effect a substantial savings in election costs. Changes made under this subsection shall be made not later than ninety-nine days before a city primary or runoff election, unless the changes will not take effect until January 1 of the next odd-numbered year.

9. When territory contiguous to the Indian settlement is added to the Indian settlement land held in trust by the secretary of the interior of the United States.

#### **49.10 Polling places for certain precincts.**

1. Polling places for precincts outside the limits of a city, but within the township, or originally within and set off as a separate township from the township in which the city is in whole or in part situated, and a polling place for a township which entirely surrounds another township containing a city, may be fixed at some room or rooms in the courthouse or in some other building within the limits of the city as the commissioner may provide.

2. If the commissioner determines, or if a petition be filed with the commissioner ninety days before any primary, general or special election stating that there is no suitable or adequate polling place within a township constituting a voting precinct and that it is desirable and to the interest of the voters of that township voting precinct that a voting place be designated for it outside its territorial limits, the commissioner shall fix a polling place for that precinct, outside its territorial limits, which the commissioner deems convenient to the electors of the township precinct. A petition submitted under this subsection must be signed by eligible electors of the precinct exceeding in number one-half the total number of votes cast in the township precinct for the office of president of the United States or governor, as the case may be, at the last preceding general election. When the commissioner has fixed such a polling place it shall remain the polling place at all subsequent primary, general and special elections, until such time as the commissioner shall fix a different polling place for the precinct.

3. In any city in which precinct lines have been changed to comply with section 49.5, the commissioner may fix the polling place for any precinct outside the boundaries of the precinct if there is no building or facility within the precinct suitable and available for use as a polling place. In so doing, the commissioner shall fix the polling place at the point nearest the precinct which is suitable and available for use as a polling place and is reasonably accessible to voters of the precinct.

4. A single room or area of any building or facility may be fixed as the polling place for more than one precinct. The location of each polling place shall be clearly marked within the room or area on the days on which elections are held as the location of the polling place of a particular precinct, and suitable arrangements shall be made within the room or area to prevent direct access from the polling place of any precinct to the polling place of any other precinct. When the commissioner has fixed such a polling place for any precinct it shall remain the polling place at all subsequent elections, except elections for which the precinct is merged with another precinct as permitted by section 49.11, until the boundaries of the precinct are changed or the commissioner fixes a new polling place, except that the polling place shall be changed to a point within the boundaries of the precinct at any time not less than sixty days before the next succeeding election that a building or facility suitable for such use becomes available within the precinct.

5. If two or more contiguous townships have been combined into one election precinct by

the board of supervisors, the commissioner shall provide a polling place which is convenient to all of the electors in the precinct.

The board of supervisors or the temporary county redistricting commission or city council shall number or name the precincts established by the supervisors or council pursuant to sections 49.3, 49.4, and 49.5. The boundaries of the precincts shall be recorded in the records of the board of supervisors, temporary county redistricting commission, or city council, as the case may be.

2. The board of supervisors or city council shall publish notice of changes in the county or city precinct boundaries in a newspaper of general circulation published in the county or city once each week for three consecutive weeks. The series of publications shall be made after the changes in the precincts have been approved by the state commissioner of elections. The last of the three publications shall be made no later than thirty days before the next general election. A map showing the new boundaries may be used. No publication is necessary if no changes were made.

3. The precincts established pursuant to section 49.7 shall not be changed except in the manner provided by law. However, for any election other than the primary or general election or any special election held under section 69.14, the county commissioner of elections may:

a. Consolidate two or more precincts into one.

(1) However, the commissioner shall not do so if there is filed with the commissioner at least twenty days before the election a petition signed by twenty-five or more eligible electors of any precinct requesting that it not be merged with any other precinct. There shall be attached to the petition the affidavit of an eligible elector of the precinct that the signatures on the petition are genuine and that all of the signers are to the best of the affiant's knowledge and belief eligible electors of the precinct.

(2) If a special election is to be held in which only those registered voters residing in a specified portion of any established precinct are entitled to vote, that portion of the precinct may be merged by the commissioner with one or more other established precincts or portions of established precincts for the special election, and the right to petition against merger of a precinct shall not apply.

b. (1) Establish voting centers for the regular city election, city primary election, city runoff election, regular school election, and special elections. Any registered voter who is eligible to vote in the regular city election may vote at any voting center in the city. Any registered voter who is eligible to vote at the regular school election may vote at any voting center in the school district. Any registered voter who is eligible to vote in a special election may vote at any voting center established for that special election. For purposes of section 48A.7A, a voting center shall be considered the polling place for the precinct in which a person resides.

(2) The county commissioner of elections shall designate the location of each voting center to be used in the election.

(3) A voting center designated under this subsection is subject to the requirements of section 49.21 relating to accessibility to persons who are elderly and persons with disabilities and relating to the posting of signs. The location of each voting center shall be published by the county commissioner of elections in the same manner as the location of polling places is required to be published.

(4) Pursuant to section 39A.2, subsection 1, paragraph "b", subparagraph (3), a person commits the crime of election misconduct in the first degree if the person knowingly votes or attempts to vote at more than one voting center for the same election.

c. Divide any precinct permanently established under this section which contains all or any parts of two or more mutually exclusive political subdivisions, either or both of which is independently electing one or more officers or voting on one or more questions on the same date, into two or more temporary precincts and designate a polling place for each.

d. Notwithstanding subsection 1, the commissioner may consolidate precincts for any election including a primary and general election under any of the following circumstances:

(1) One of the precincts involved consists entirely of dormitories that are closed at the time the election is held.

(2) The consolidated precincts, if established as a permanent precinct, would meet all requirements of section 49.3, and a combined total of no more than three hundred fifty voters voted in the consolidated precincts at the last preceding similar election.

(3) The city council of a special charter city with a population of three thousand five hundred or less which is divided into council wards requests the commissioner to consolidate two or more precincts for any election.

#### **49.13 Commissioner to appoint members, chairperson.**

1. The membership of each precinct election board shall be appointed by the commissioner, not less than fifteen days before each election held in the precinct, from the election board panel drawn up as provided in section 49.15. Precinct election officials shall be registered voters of the county, or other political subdivision within which precincts have been merged across county lines pursuant to section 49.11, subsection 3, paragraph "a", in which they are appointed. Preference shall be given to appointment of residents of a precinct to serve as precinct election officials for that precinct, but the commissioner may appoint other residents of the county where necessary.

2. For all elections in which a partisan office is on the ballot, election boards shall include members of the two political parties whose candidates for president of the United States or for governor, as the case may be, received the largest and next largest number of votes in the county at the last general election. Election boards may also include persons not members of either of these parties. However, persons who are not members of either of these political parties shall not comprise more than one-third of the membership of an election board.

3. In appointing the election board to serve for any election in which candidates' names do appear under the heading of these political parties, the commissioner shall give preference to the persons designated by the respective county chairpersons of these political parties for placement on the election board panel, as provided by section 49.15, in the order that they were so designated. However, the commissioner may for good cause decline to appoint a designee of a county chairperson if that chairperson is notified and allowed two working days to designate a replacement.

4. In appointing the election board to serve for a nonpartisan election, the commissioner

may give preference to the persons who are willing to serve without pay identified pursuant to section 49.15, subsection 2, paragraph “b”, by the city council or the school board.

5. The commissioner shall designate one member of each precinct election board as chairperson of that board. At the discretion of the commissioner, two people who are members of different political parties may be appointed as co-chairpersons. The co-chairpersons shall have joint authority over the work of the precinct election board.

6. The commissioner may appoint high school students who are not yet qualified to be registered voters to serve as precinct election board members.

a. To qualify to serve as a precinct election board member, a high school student shall:

(1) Be a United States citizen.

(2) Be at least seventeen years of age and a student in good standing enrolled in a public or private secondary school in Iowa.

(3) Receive credit in at least four subjects, each of one period or hour, or the equivalent thereof, at all times. The eligible subjects are language arts, social studies, mathematics, science, health, physical education, fine arts, foreign language, and vocational education. Coursework taken as a postsecondary enrollment option for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. A student shall not be denied eligibility if the student’s school program deviates from the traditional two-semester school year. Each student wishing to participate under this subsection shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end of each grading period. At the end of a grading period that is the final grading period in a school year, a student who receives a failing grade in any course for which credit is awarded is ineligible to participate under this subsection. A student who is eligible at the close of a semester is academically eligible to participate under this subsection until the beginning of the subsequent semester. A student with a disability who has an individualized education program shall not be denied eligibility to participate under this subsection on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives of the student’s individualized education program.

(4) At the time of appointment, have the written approval of the principal of the secondary school the student attends.

(5) Have the written approval of the student’s parent or legal guardian.

(6) Have satisfactorily completed the training course for election officials.

(7) Meet all other qualifications for appointment and service as an election board member except the requirement of being a registered voter.

b. No more than one student precinct election board member may serve on each precinct election board.

c. Student precinct election board members shall not serve as the chairperson of a precinct election board.

d. Before serving at a partisan election, the student precinct election board member must certify in writing to the commissioner the political party with which the student is affiliated.

e. Student precinct election board members shall not be allowed to work more hours than allowed under the applicable labor laws.

f. A student who serves on a precinct election board is not eligible to receive class credit for such service unless such service qualifies as meeting the requirements of a class assignment imposed on all students in the class.

g. No later than fourteen days after the date of the election, the commissioner shall report to the appropriate secondary school the following information:

(1) The name of each student attending the school who served as a precinct election board member on election day.

(2) The number of hours the student served as a precinct election board member.

(3) The precinct number and polling place location where the student served as a precinct election board member.

(4) Any other information the commissioner deems appropriate or that is requested by the school.

#### **49.14 Substitute precinct election officials.**

1. The commissioner may appoint substitute precinct election officials as alternates for election board members. The responsibilities and duties of a precinct election official present at the time the polling place was opened on the day of an election may be assumed at any later time that day by a substitute appointed as an alternate. The substitute shall serve either for the balance of that election day or for any shorter period of time the commissioner may designate. At partisan elections, a substitute precinct election official assuming the duties of a precinct election official shall be a member of the same political party as the precinct election official whose duties are being assumed, unless substitution of a precinct election official not of the same political party results in no more than a simple majority of the total number of precinct election officials serving in that precinct being members of the same political party.

2. Substitute precinct election officials shall be appointed and shall serve in accordance with sections 49.12, 49.13, 49.15, and 49.16, and shall receive compensation as provided by sections 49.20 and 49.125. Upon arriving at the polling place and prior to performing any official duty, a substitute precinct election official shall take the oath required by section 49.75.

3. The commissioner shall not employ substitute precinct election officials in a partisan election unless:

a. The election board panel drawn up pursuant to section 49.15 contains the names of a sufficient number of political party designees to permit appointment of both the regular precinct election officials and any substitute precinct election officials from that panel; or

b. The commissioner has informed the county chairpersons of the political parties referred to in section 49.13, subsection 2, thirty days prior to the date of the election, of intent to appoint substitute precinct election officials and has allowed ten days thereafter for the respective county chairpersons to provide additional names of persons from whom the substitute precinct election officials shall be appointed. If a county chairperson fails to provide additional names after being so notified, the commissioner may appoint persons known to be members of the appropriate political party or parties.

1. Not less than twenty days before each primary election, the commissioner shall draw up for each precinct an election board panel from which members of the precinct election board shall be appointed for each election held in the precinct during the ensuing two years.

2. a. Each panel shall include members of each of the political parties referred to in section 49.13, whose names may be designated by the county chairpersons of each of these political parties not less than thirty days prior to each primary election. The commissioner may place on the election board panel names of persons known by the commissioner to be members of these political parties, if the respective county chairpersons fail to designate a sufficient number of names, and may also add names of persons, whether or not they are members of either of these political parties, who have advised the commissioner they are willing to serve on the election board.

b. The commissioner may also place on the election board panel names of persons whom either the city council of a city or a school board has advised the commissioner at least thirty

#### **49.16 Tenure of election board panel.**

Each person whose name is placed on the election board panel as provided in section 49.15, shall remain available for appointment to the election board of the precinct, subject to the provisions of section 49.12, until a new panel is drawn up unless the person's name is sooner deleted from the panel by the commissioner. The election board for each election held in the precinct shall be drawn from the panel, however:

1. No person shall serve on the election board at any election in which the person or any person related to the person within the third degree of consanguinity or affinity is a candidate to be voted upon in that precinct, and it shall be the responsibility of each person whose name is listed on the election board panel to notify the commissioner not less than fifteen days before any election at which the person is ineligible to serve by reason of this subsection. However, this subsection shall not apply in the case of any candidate or relative of a candidate seeking an office or nomination which no opposing candidate is seeking. Any candidate for an office or for nomination to an office to which two or more persons are to be elected at large is unopposed, for the purpose of this subsection, if the number of candidates for the office or nomination does not exceed the number of persons to be elected or nominated.

2. When all or portions of two or more precincts are merged for any election as permitted by section 49.11, subsection 3, paragraph "a", the commissioner may appoint the election board for the merged precinct from the election board panels of any of the precincts so merged. When any permanent precinct is divided as permitted by section 49.11, subsection 3, paragraph "c", the commissioner shall so far as possible appoint the election board for each of the temporary precincts so created from the election board panel of the permanent precinct.

3. Persons whose names are listed on the election board panel shall not be required to serve on the election board for any election which by the terms of the statute authorizing it is exempt from the provisions of this chapter. The necessary officers for such elections shall be designated as provided by law or, if there is no applicable statute, by the commissioner.

4. In appointing the election board for any election conducted for a city or a school district, the commissioner may give preference to any persons who are willing to serve without pay at those elections.

5. A person shall not serve on the precinct election board as a representative of a political party if the person has changed political party affiliation from that of the political party which selected the person to serve as a precinct election official. If a precinct election official records a change of political party, the official's name shall be removed from the list of precinct election officials for that political party. The chairperson of the political party shall be notified of the vacancy and may designate a replacement. If the chairperson of another political party later designates the person as a precinct election official, the person may serve, if qualified.

**49.26 Commissioner to decide method of voting — counting of ballots.**

1. In all elections regulated by this chapter, the voting shall be by paper ballots printed and distributed as provided by law, or by voting systems meeting the requirements of chapter 52.

2. a. The commissioner shall determine in advance of each election conducted for a city of three thousand five hundred or less population or for any school district whether the ballots will be counted by automatic tabulating equipment or by the precinct election

officials. In making such a determination, the commissioner shall consider voter turnout for recent similar elections and factors considered likely to affect voter turnout for the forthcoming election.

b. If the commissioner concludes, pursuant to paragraph “a”, that voting will probably be so light as to make counting of ballots by the precinct election officials less expensive than preparation and use of automatic tabulating equipment, paper ballots may be used, subject to paragraph “c”. If paper ballots are used, the commissioner shall use ballots and instructions similar to those used when the ballots are counted by automatic tabulating equipment.

c. Notwithstanding a determination by the commissioner pursuant to paragraph “b”, upon receipt of a petition signed by not less than one hundred eligible electors, the commissioner shall count the ballots at an election described in paragraph “a” using automatic tabulating equipment. #### **49.31 Arrangement of names on ballot — restrictions.**

1. a. All ballots shall be arranged with the names of candidates for each office listed below

the office title. For partisan elections the name of the political party or organization which nominated each candidate shall be listed after or below each candidate's name.

b. The commissioner shall determine the order of political parties and nonparty political organizations on the ballot. The sequence shall be the same for each office on the ballot and for each precinct in the county voting in the election.

2. a. The commissioner shall prepare a list of the election precincts of the county, by arranging the various townships and cities in the county in alphabetical order, and the wards or precincts in each city or township in numerical order under the name of such city or township.

b. The commissioner shall then arrange the surnames of each political party's candidates for each office to which two or more persons are to be elected at large alphabetically for the respective offices for the first precinct on the list; thereafter, for each political party and for each succeeding precinct, the names appearing first for the respective offices in the last preceding precinct shall be placed last, so that the names that were second before the change shall be first after the change. The commissioner may also rotate the names of candidates of a political party in the reverse order of that provided in this subsection or alternate the rotation so that the candidates of different parties shall not be paired as they proceed through the rotation. The procedure for arrangement of names on ballots provided in this section shall likewise be substantially followed in elections in political subdivisions of less than a county.

c. On the general election ballot the names of candidates for the nonpartisan offices listed in section 39.21 shall be arranged by drawing lots for position. The commissioner shall hold the drawing on the first business day following the deadline for filing of nomination certificates or petitions with the commissioner for the general election pursuant to section 44.4. If a candidate withdraws, dies, or is removed from the ballot after the ballot position of names has been determined, such candidate's name shall be removed from the ballot, and the order of the remaining names shall not be changed.

3. The ballots for any city elections, school elections, special election, or any other election at which any office is to be filled on a nonpartisan basis and the statutes governing the office to be filled are silent as to the arrangement of names on the ballot, shall contain the names of all nominees or candidates arranged in alphabetical order by surname under the heading of the office to be filled. When a city election, school election, special election, or any other election at which an office is to be filled on a nonpartisan basis, is held in more than one precinct, the candidates' names shall be rotated on the ballot from precinct to precinct in the manner prescribed by subsection 2 unless there are no more candidates for an office than the number of persons to be elected to that office.

4. The heading for each office on the ballot shall be immediately followed by a notation stating, "Vote for no more than .....", and indicating the maximum number of nominees or candidates for that office for whom each elector may vote.

5. At the end of the list of candidates for each office listed on the ballot one or more blank lines and voting positions shall be printed to allow the elector to write in the name of any person for whom the elector desires to vote for any office or nomination on the ballot. The number of write-in lines shall equal the number of votes that can be cast for that office.

6. The name of a candidate printed on the ballot shall not include parentheses, quotation marks, or any personal or professional title.

7. For the purpose of ballot rotation the absentee ballot and special voters precinct may be considered a separate precinct.

1. The voter may mark the voting target next to the name of the political party or nonparty political organization in the straight party or organization section of the ballot without marking any voting target next to the name of a candidate nominated by the party or organization.

2. The voter may mark the voting target next to the name of the political party or nonparty political organization in the straight party or organization section of the ballot and also mark any or all of the voting targets next to the names of candidates nominated by that party or organization.

next to the name of the party or organization in the straight party or organization section of the ballot.

Where more than one person is to be elected to the same office at the same election, and all of the candidates for that office for whom the voter desires to vote were nominated by the political party or nonparty political organization for which the voter has marked a straight party or organization vote, the voter need not otherwise indicate the vote for that office. However, if a voter who has marked a straight party or organization ticket also marks the voting targets next to the names of one or more candidates for any office, only the votes cast separately for individual candidates for that office shall be counted. If the voter wishes to vote for candidates who were nominated by different political parties or nonparty political organizations, the voter must mark the voting target for each candidate the voter has chosen, whether or not the voter has also marked a straight party or organization vote.

[C97, §1119, 1120; S13, §1119, 1120; C24, 27, 31, 35, 39, §813; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §49.96]

If all candidates for whom a voter desires to vote were not nominated by the same political party or nonparty political organization, the voter may indicate the candidates of the voter's choice by marking the ballot in any one of the following ways:

1. The voter may mark a straight party or organization vote for the party or nonparty political organization which nominated some of the candidates for whom the voter desires to vote and vote for candidates of other parties or nonparty political organizations by marking the voting targets next to their names.

2. The voter may vote for each candidate separately without marking any straight party or organization vote.

[C97, §1119, 1120; S13, §1119, 1120; C24, 27, 31, 35, 39, §814; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §49.97]

#### **49.98 Counting ballots.**

The ballots shall be counted according to the voters' marks on them as provided in sections 49.92 to 49.97, and not otherwise. If, for any reason, it is impossible to determine from a ballot, as marked, the choice of the voter for any office, the vote for that office shall not be counted. When there is a conflict between a straight party or organization vote for one political party or nonparty political organization and the vote cast by marking the voting target next to the name of a candidate for another political party or nonparty political organization on the ballot, the mark next to the name of the candidate shall be held to control, and the straight party or organization vote in that case shall not apply as to that office. A ballot shall be rejected if the voter used a mark to identify the voter's ballot. For each voting system, the state commissioner shall, by rule adopted pursuant to chapter 17A, develop uniform definitions of what constitutes a vote.

[C97, §1120; S13, §1120; C24, 27, 31, 35, 39, §815; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §49.98]

#### **49.99 Writing name on ballot.**

1. The voter may also write on the line provided for write-in votes the name of any person for whom the voter desires to vote and mark the voting target opposite the name. If the voter is using a voting system other than an optical scan voting system, as defined in section 52.1, the writing of the name shall constitute a valid vote for the person whose name has been

written on the ballot without regard to whether the voter has made a mark opposite the name. However, when a write-in vote is cast using an optical scan voting system, the ballot must also be marked in the corresponding space in order to be counted. Marking the voting target opposite a write-in line without writing a name on the line shall not affect the validity of the remainder of the ballot.

2. If a voter writes the name of a person more than once in the proper places on a ballot for an office to which more than one person is to be elected, all but one of those votes for that person for that office are void and shall not be counted.

[C97, §1119; S13, §1119; C24, 27, 31, 35, 39, §816; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §49.99]

97 Acts, ch 170, §54

#### **49.101 Defective ballot does not nullify vote.**

No ballot properly marked by the voter shall be rejected:

1. Because of any discrepancy between the printed ballot and the nomination paper, or certificate of nomination, or certified abstract of the canvassing board.

2. Because of any error in stamping or writing the endorsement thereon by the officials charged with such duties.

3. Because of any error on the part of the officer charged with such duty in delivering the wrong ballots at any polling place.

#### **49.104 Persons permitted at polling places.**

The following persons shall be permitted to be present at and in the immediate vicinity of the polling places, provided they do not solicit votes:
